Prepare to work safely in the construction industry.

(Also known within the building and construction industry as a White Card or Construction Industry (CI) card)

About the Course

This unit of competency specifies the mandatory work health and safety training required prior to undertaking construction work.

The unit requires the person to demonstrate personal awareness and knowledge of health and safety legislative requirements in order to work safely and prevent injury or harm to self and others.

It covers identifying and orally reporting common construction hazards, understanding basic risk control measures, and identifying procedures for responding to potential incidents and emergencies. It also covers correctly selecting and fitting common personal protective equipment (PPE) used for construction work.

Course Entry Requirements:

Applicants must meet the following selection criteria

- Satisfactory completion of Year 9 secondary school studies or higher and
- satisfactory completion of a language, literacy and numeracy test.
